

Carbonated beauty  
skin care for the nose.

PLOSION

*de Salon*

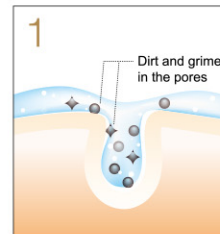

The foaming capacity of carbonated gel.  
Transforms to bubbles over time.

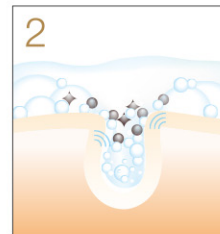

The carbonated gel gradually transforms to fine, soft bubbles that gently cleanse the skin.

Penetrates to the pores and wraps the skin  
with a soft foam to guide your skin to beauty.

1. Carbonated gel gets into the pores and absorbs the dirt and grime.

2. The carbonated gel transforms to foam, pushing the dirt and grime to the surface as it wraps the skin with a soft foam.

3. When washed off, your pores are tightened, leaving the skin with a smooth finish.
