ACTIVE

CONDITIONING MIST

A new you is only a breath away.

Today rather than yesterday. Tomorrow rather than today.

What does your body require on a daily basis to grow as well as improve its health and beauty? ReFa ACTIVE's unique massage mist was born by reviewing the essence of conditioning, and carefully selecting the most appropriate texture, scent and ingredients.

POINT 1

Efficient massage support

The unique texture enhances the firmness of contact between the skin and the hands or rollers to support efficient massaging.

POINT 2

Refresh your mood

A sweet and refreshing fragrance will surround you from the moment you spray the mist to freshen up.

POINT 3

Deep moisturizing

Composed of moisturizer ingredients such as honey^{*1} ingredients. Leaves your skin feeling smooth and moisturized.

^{*1}: Honey extract
Propolis extract
Royal jelly
Honey

Pleasant and easy to use
unique treatment massage mist.

Texture

Features a texture that supports massaging by transforming the skin's sensation from smooth to absorbent.

Fragrance

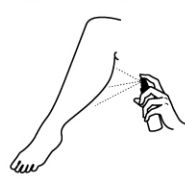

A sweet and refreshing fragrance based on an image of roses and bergamot will refresh your mood and provide you with a pleasant massage experience.

Ingredients

Contains natural ingredients, including glucosyl hesperidin^{*2} and pepper fruit extract^{*2}.

^{*2}: Skin conditioner

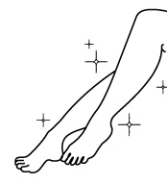

HOW TO USE

Spray the mist onto the area that is to be massaged.

Work the mist into the entire area with your hands or a roller, and then massage the skin.

When your hands and the roller no longer slide smoothly over the area, the process is complete.

Suggested Usage Volume: 6 sprays for each leg, 3 sprays for each arm.

- * Avoid spraying around the eyes and mouth when spraying the face.
- * If spraying is insufficient or your skin feels sticky, try another spray.
- * The area sprayed may feel warmer after being coated. This is not an abnormality.

After sports

During work

When relaxing

ReFa ACTIVE CONDITIONING MIST

¥2,700 (excluding tax)

Volume: 70mL

Note: To properly use the product, read the instructions on the back side of the container.
○Before using the product, perform skin testing on a small area first to check for any adverse reaction. ○Clean your hands and fingers before use. ○Avoid immediate use after hair loss or removal. ○Do not use on the mucous membrane parts of the eyes, mouth, etc. ○Do not use on scars, swelling, rashes or other skin abnormalities. ○Make sure there are no abnormalities generated during use. Discontinue use if the product does not agree with your skin or if any of the following should occur. Continued use could exacerbate symptoms. It is recommended that you consult with your dermatologist or skin care specialist. <(1) During use, abnormalities occur such as redness, swelling, itching, irritation, color loss (vitiligo, etc.) or skin darkening. (2) After use, the aforementioned occur when the skin is exposed to direct sunlight.>

When using the ReFa series

○When using a ReFa series roller, always make sure to read the instruction manual. ○Leaving grime or other impurities attached to the rollers may result in deterioration. After use, wipe the surfaces of the rollers with a soft wet cloth, and wipe clean with a dry cloth before storing the product. ○To avoid dropping the product, always make sure your hands are dry before gripping the roller. ○When caring for your roller, do not use wet tissues or sterilized paper towels. Doing so may result in abnormalities such as roller deterioration. ○Should any abnormalities occur to a roller, immediately discontinue use and contact MTG Co., Ltd.
